

Boil Water Notice for Community Water Supply

8/27/2025

Due to a line break, the Texas Commission on Environmental Quality has required the PWS:TX 2200044 Community Water Supply in the **Hickey, Shantel, and Younger Rd, Moran, North Court, and East Court** to notify all customers to boil their water prior to consumption (e.g., washing hands/face, brushing teeth, drinking, etc). Children, seniors, and persons with weakened immune systems are particularly vulnerable to harmful bacteria, and all customers should follow these directions).

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be boiled and cooled prior to use for drinking water or human consumption purposes. The water should be brought to a vigorous rolling boil and then boiled for two minutes.

In lieu of boiling, all customers, individuals, or employees may purchase bottled water or obtain water from some other suitable source for drinking water or human consumption purposes.

When it is no longer necessary to boil the water, the public water system officials of this establishment or business will notify customers, individuals, or employees that the water is safe for drinking water or human consumption purposes

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions concerning this matter, you may contact Connie Fluharty at 1-940-393-5590
